THE 1985 CHIEFTAIN

King Philip Regional School
Wrentham, Ma.
Volume XXVIII

The Images of yesterday are the dreams of today and the future tomorrow.

Kyle Begin

"Looks like fun!"

"Get lost."

"Good morning King Philip."

"Why me?"

"My braids are too tight."

"I didn't do it."

K.P.'s finest.

"We're psyched!"

"I understand."

"I'll just watch "

"Shall we operate?"

Not K.P. food.

'We're off!'

"These are the best days of our lives?"

"You're too boisterous!"

"Isn't this fun?"

Hawaii on a shoestring.

Homecoming Queen.

"Rah, rah, rah."

"King Philip, alive!"

"Is this a pep rally?"

This is so exciting . . ."

"Seniors are #1!!!"

"We Won!"

"I love you, too, Steve."

"Go, K.P.!!!"

"Yes, I do have two ears."

"Steve, get off my back!"

The Queen and her court.

"Two eggs, 1 cup of sugar . . ."

"Move over! He can't see my face."

"Check her out!"

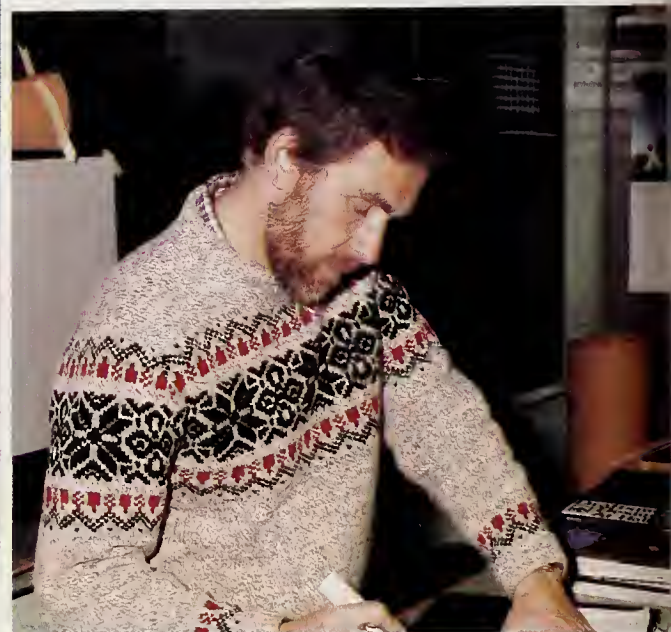

"If I don't look up, he won't call on me."

"Check out this one."

How, kemosabi.

"Twenty pages, due when?"

"Uh, Mr. Geib! You really don't want to look in here."

"I can't cut it!"

"Good! We have a substitute!"

"Quick, girls . . . Uh, why can't we take gym today?"

Dana showing his funny side.

Sara hiding the fact that her lips are stuck.

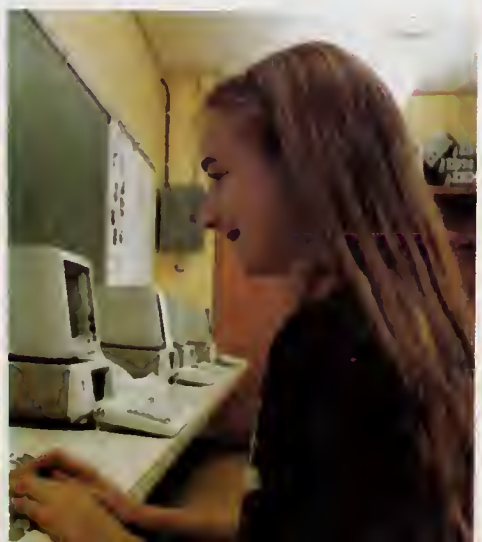

"O.K. so I can't do it with one arm behind my back!"

"Lemons? Oh, yes. I like them very much."

Senior picture of K.P.'s first student

Rush hour at the cafeteria.

The right side of the brain.

"Who said being a teacher was clean?"

"And then you know what she said?"

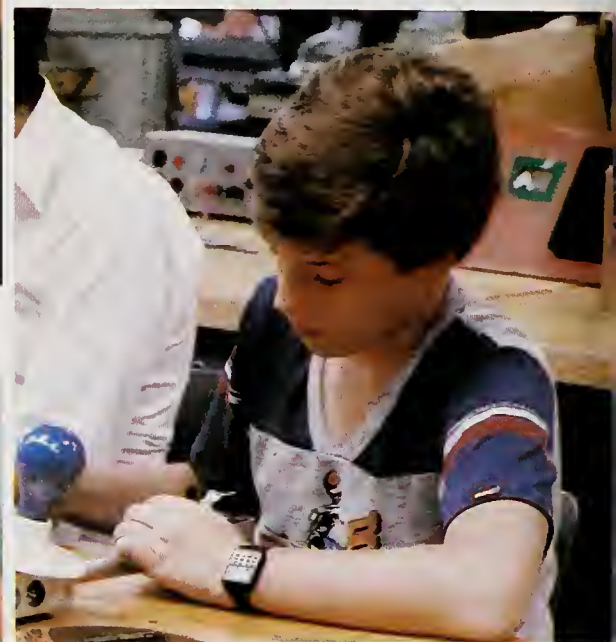

Practicing for choir.

"Oh, no. Dad's here."

"Quick! I'll wipe it on his shirt."

"I don't think it's gonna fit."

"I'm baffled."

"Really, it'll work! Believe me."

If anyone knows what Mike's thinking about, please let us know.

"I'm so glad she said yes!"

"I love your purple eyeshadow."

"But I do like you Mrs. T."

"Eat your hearts out, girls."

"Jeff, you have such a sense of humor."

"What can I say? I'm such a stud."

"I'll kill this ant yet."

"I'm soooo embarrassed."

"What? My oral report is due today?"

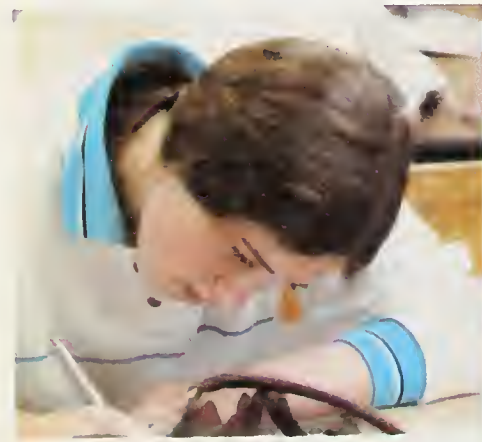

"Say, what?"

"C'mon. Tell me what's the matter."

Concentration.

Jonesy, the serious academic student.

I hate notes."

"Mom? I'm in New York!"

"Cheers."

"I'm in love."

Mr. Fairfield checking on a student.

"Love me, Love my tie."

"Skipping? Me?"

Three muskateers.

"Oh, you say the sweetest things."

"Ahhh . . . it's got my finger!"

"So, what? My girlfriend likes to eat, okay?"

"Relax, Cici, you've got it."

"I'm not enjoying this."

"Guess what? We have a game tonight!"

"I can't believe he gave me a C."

"Oh, he's so dreamy . . ."

"Abrakadabra and the cokes appeared."

"Wonder where Jen is?"

"Ain't I adorable?"

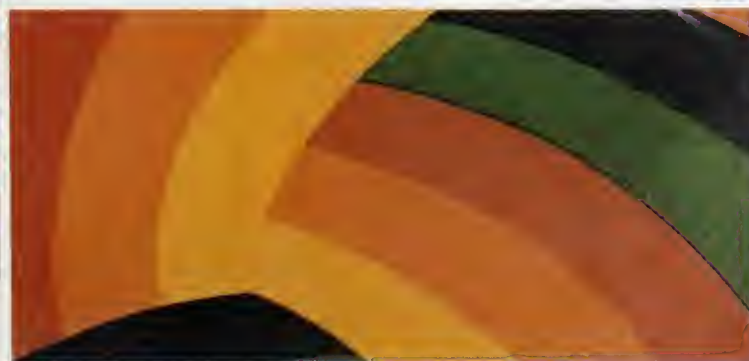

"Hey, I didn't do my homework!"

"Smile, we're on candid camera!"

"That doesn't look like a boot!"

"I'd rather be skiing."

"Quick, give me a kiss!"

"Chris or Steve, hmmm."

Twenty four hours later . . .

"Report cards today?"

"I failed Calculus."

"You mean I have to clean this floor?"

"What do you mean I have to start again?"

"No! you're supposed to put your finger here!"

"Isn't this supposed to be fun?"

"Wait a sec . . . I thought Romeo was a guy."

"Get off my dress, hun!!"

"No. It's not a self-portrait. It's a movie star."

Meditation, Barry's hobby.

"I love salad."

"Mr. Fairfield! We were just talking about you."

"Oh, I think I have it upside down."

"T.V.'s great."

"Anyone do their trig homework?"

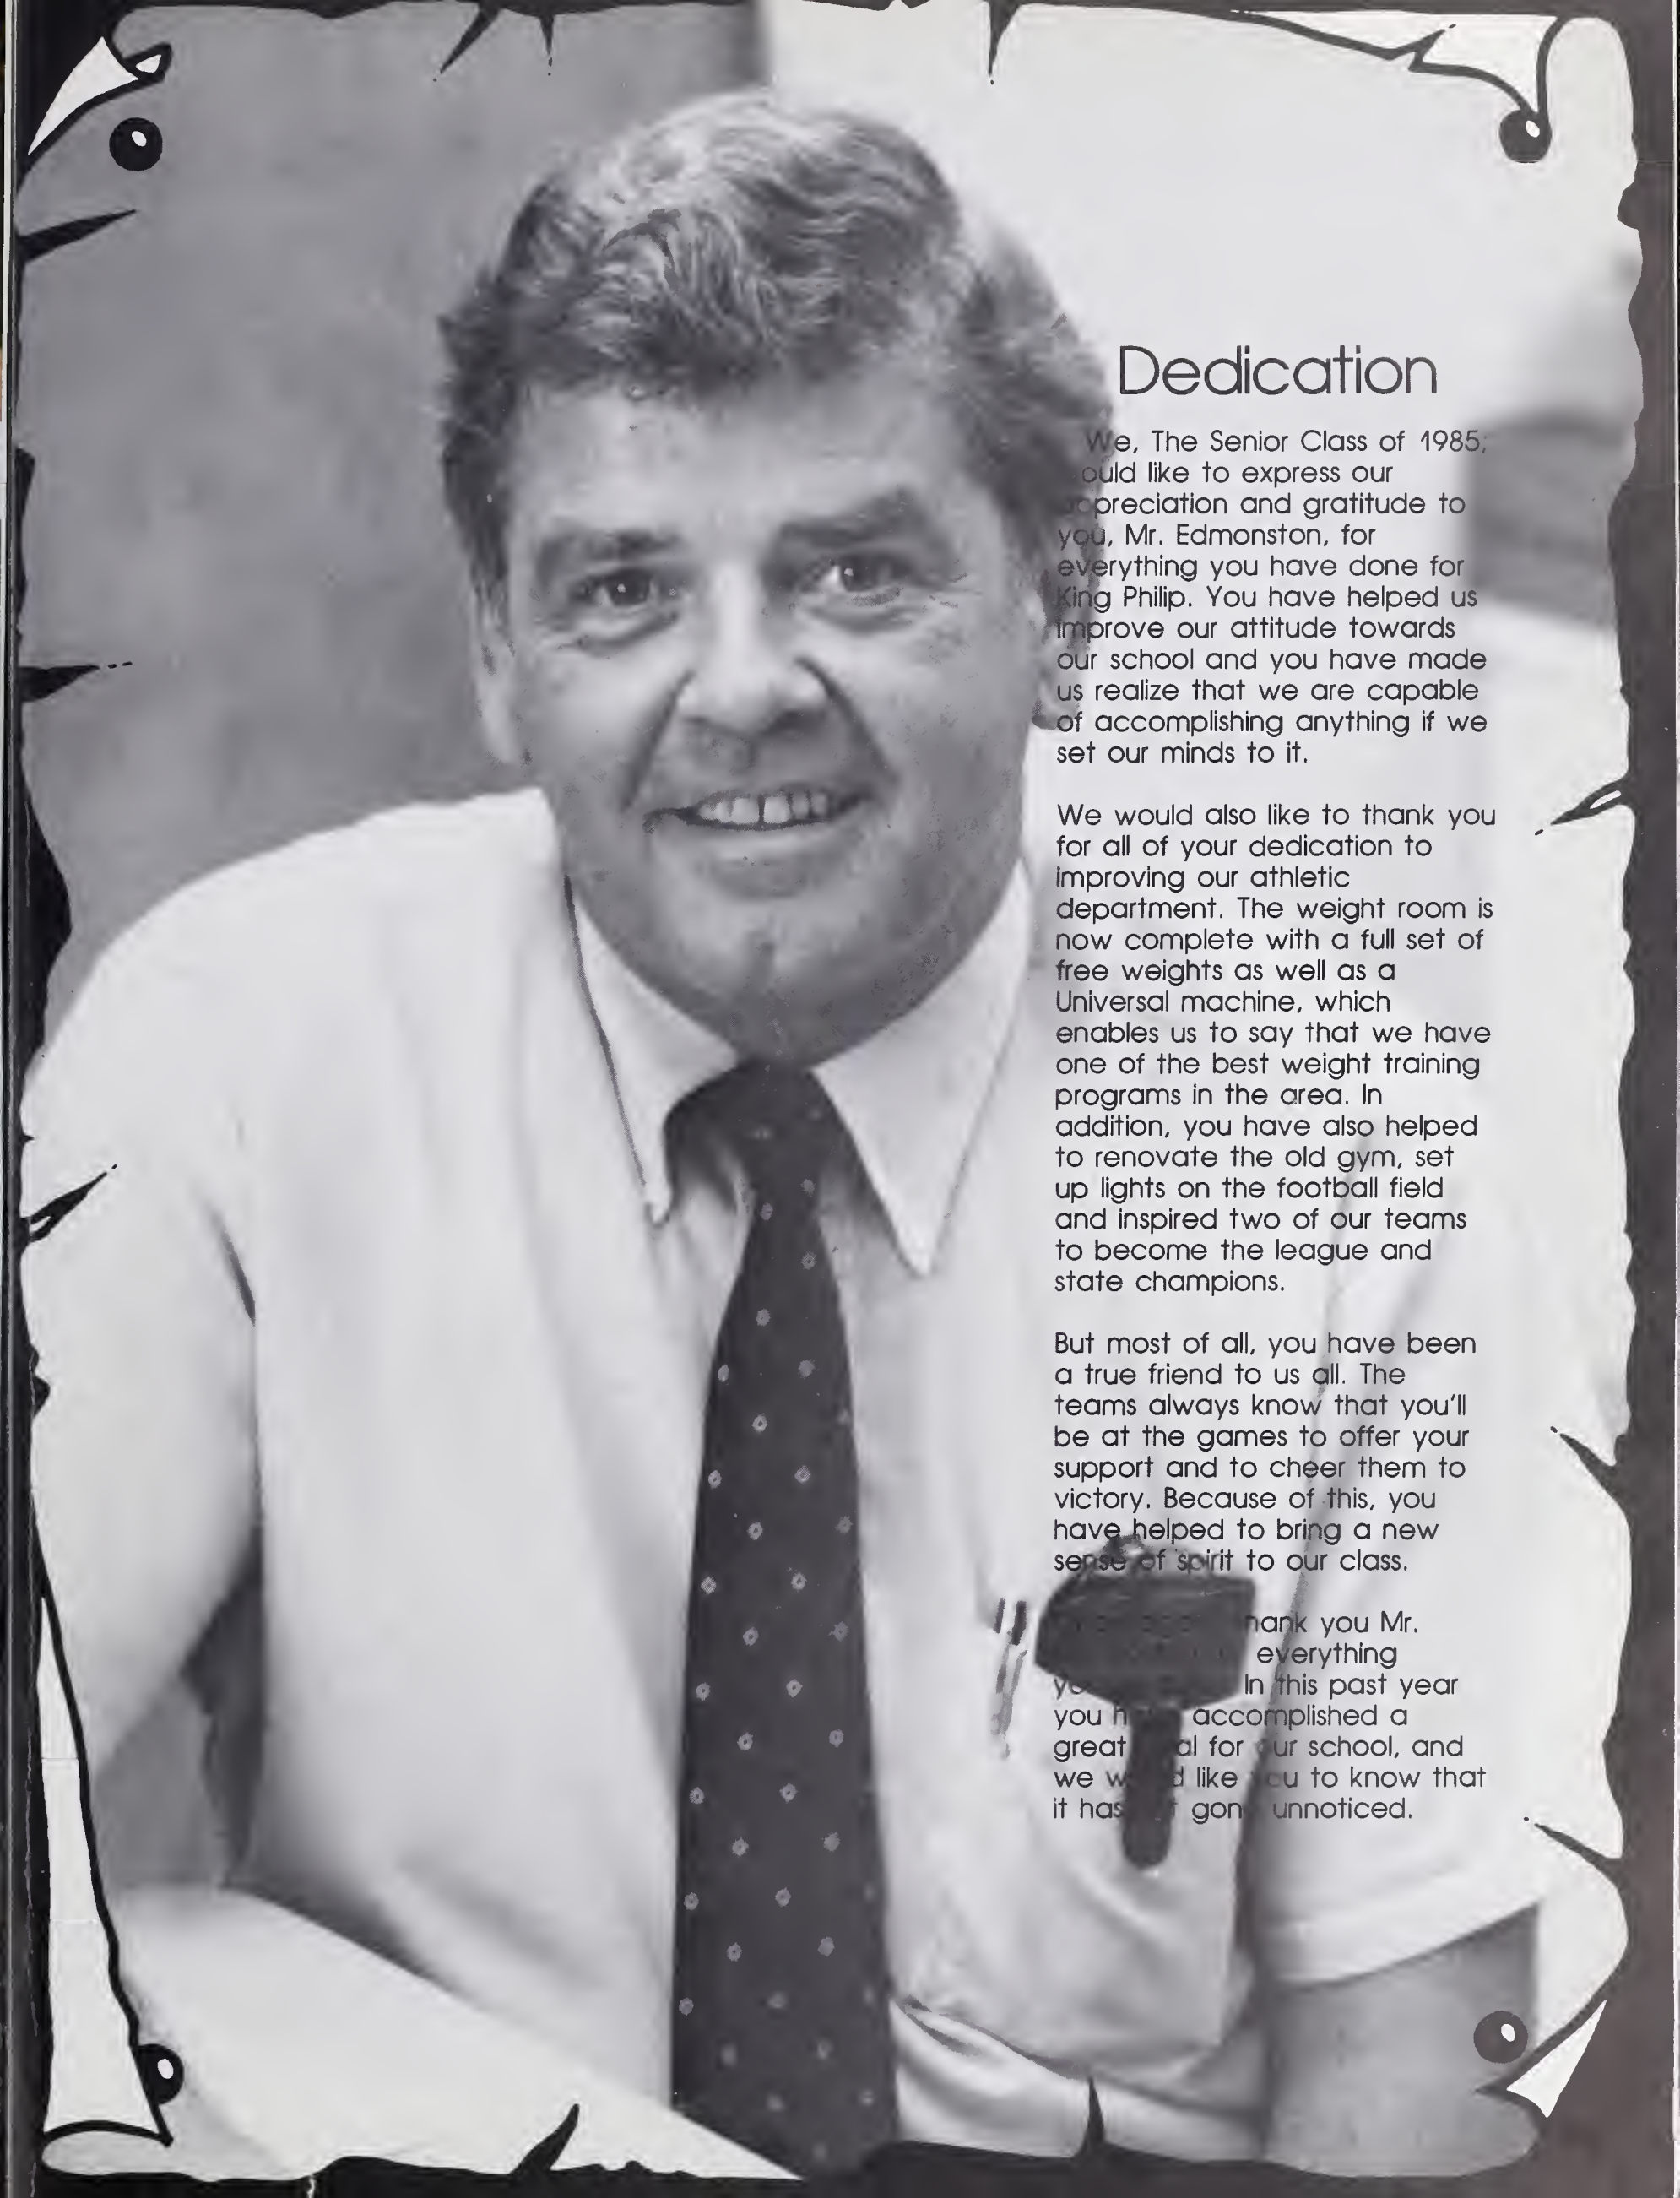

"Leann, I caught you in the act."

"Really . . . there's no girl in here!"

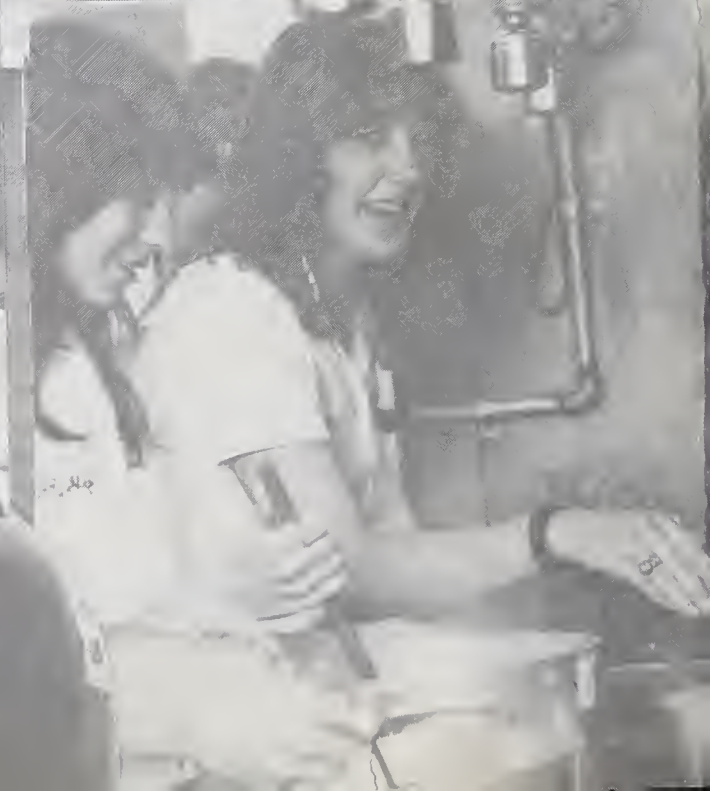

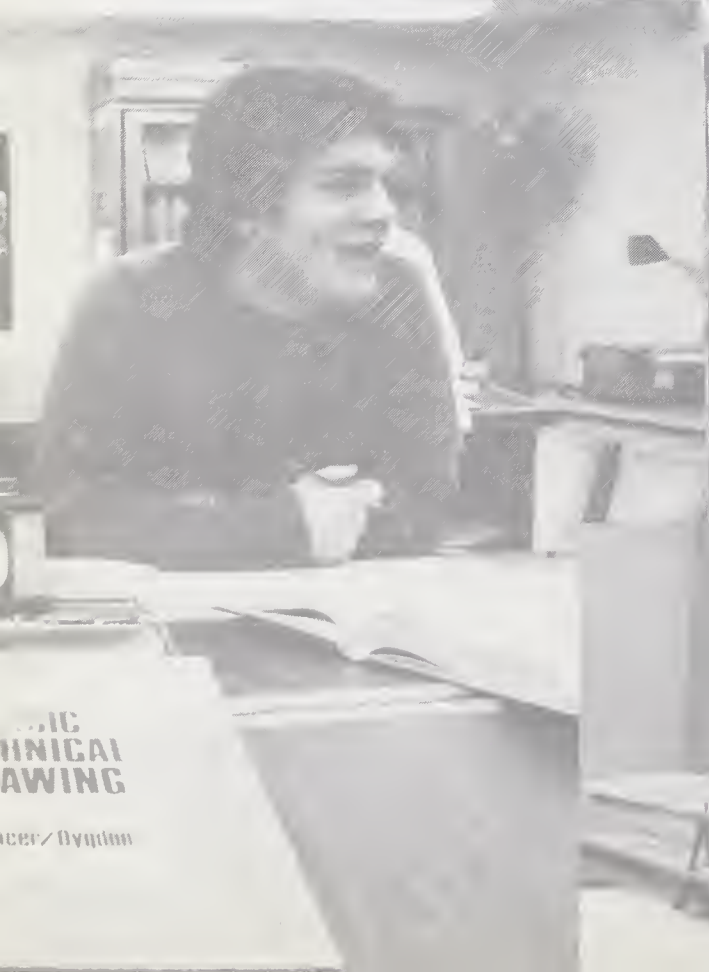

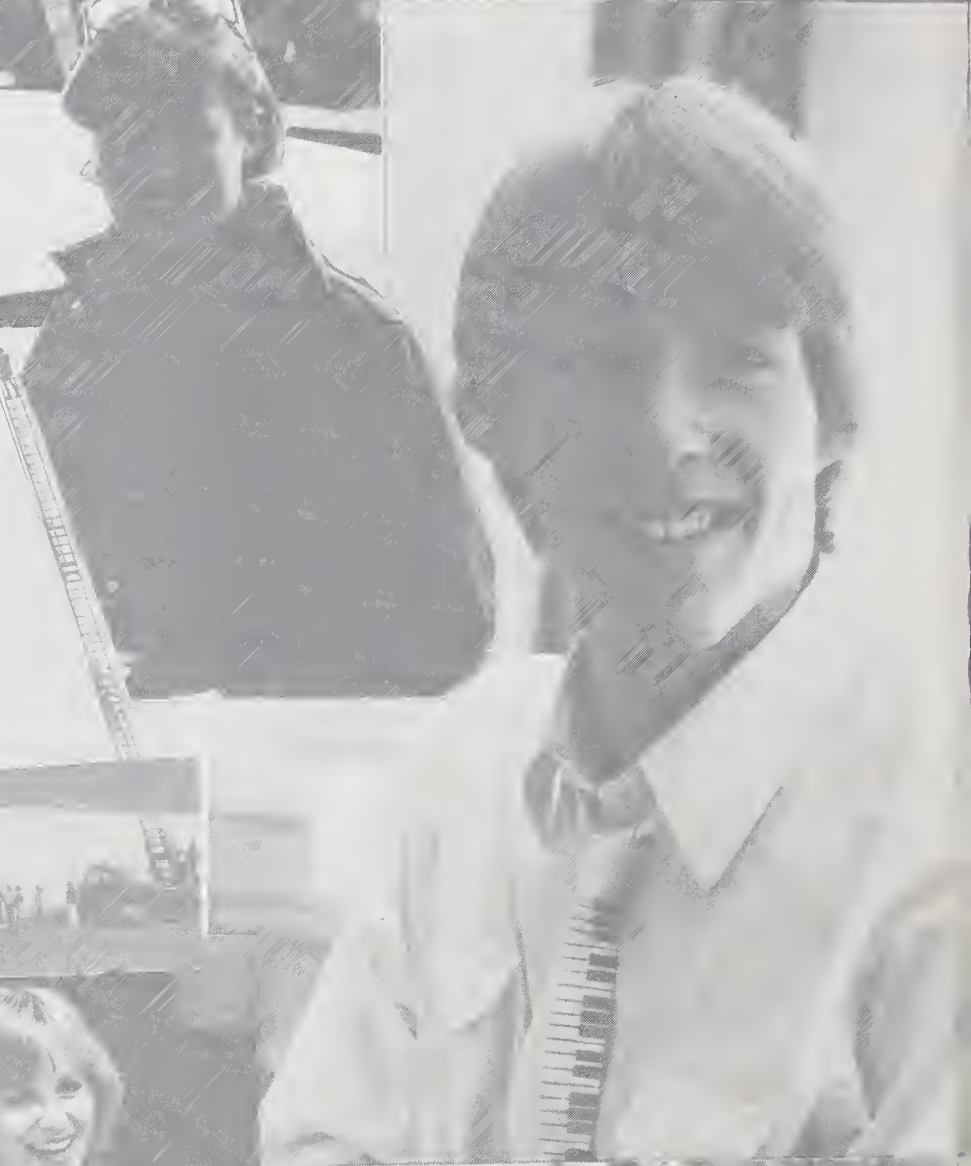

Dedication

We, The Senior Class of 1985, would like to express our appreciation and gratitude to you, Mr. Edmonston, for everything you have done for King Philip. You have helped us improve our attitude towards our school and you have made us realize that we are capable of accomplishing anything if we set our minds to it.

We would also like to thank you for all of your dedication to improving our athletic department. The weight room is now complete with a full set of free weights as well as a Universal machine, which enables us to say that we have one of the best weight training programs in the area. In addition, you have also helped to renovate the old gym, set up lights on the football field and inspired two of our teams to become the league and state champions.

But most of all, you have been a true friend to us all. The teams always know that you'll be at the games to offer your support and to cheer them to victory. Because of this, you have helped to bring a new sense of spirit to our class.

Once again, thank you Mr. Edmonston for everything you have done for us. In this past year you have accomplished a great deal for our school, and we would like you to know that it has not gone unnoticed.

Class History

In September of 1984, as scared freshmen, the Class of 1985 began their four year voyage. Although we were nervous as all freshmen are, we know that together we would make it!

Freshmen year started off great under the leadership of Marianna Carmody—President, Monice Odoardi—Vice-President, Lisa Mullin—Secretary, and Cindy Hurkette—Treasurer. Also, with the guidance of our advisor Mr. Lepere, our first year was a success, starting off with the float competition. Our first float projected the slogan, "K.P. will drag the Tigers by their tails." It was built at Dianne Smith's barn.

The Freshmen-Sophomore Semi-formal, "We've Got Tonight" was held at the Red Snapper in Foxboro. In the court, our class was beautifully represented by princesses Jenny Rausch and Monice Odoardi.

To increase our small but humble treasury we sold candy bars.

Beginning our sophomore year meant that we were one step closer to graduation. Although we were not as frightened, we knew that we had many challenges ahead.

We had a fresh start this year with new officers. Our new officers were Dianne Smith—President, Jill Stoddard—Vice-President, Cathy Peterson—Secretary, and Angela DiRe—Treasurer. Also, to join the ranks of the class of '85 was our new advisor, Mr. Lanciaux.

Our success began when we defeated the other classes in the float competition. Our winning slogan was, "When K.P.'s S.W.A.T. Team is on their feet, Mansfield Hornets fall defeat." This was our first step towards becoming "The winning class of '85".

The Freshmen-Sophomore Semi-formal was held at the Coachman's Lodge in Bellingham. The theme song was "Just you and I." Kristen Harmon was chosen as queen, and the princesses were Jeanne Marcarelli and Tina Crowley. We were all proud to be represented by them.

This year our fund raiser, popcorn jars, was fairly successful.

With the start of our junior year, there was excitement in the air because we knew we had only two years left to complete our voyage.

Our float with the slogan, "When the K.P. Warriors win today, the Eagles wings will be pinned to stay.." was really good. We really had high hopes of receiving the trophy, but we were defeated by the sophomore float.

Once again we had a change of leaders. Our class was lead by Dianne Smith—President, Tina Crowley—Vice-President, Cathy Peterson—Secretary, Angela Dire—Treasurer, and our new advisors, Mr. Webb and Mrs. Dire.

Our fundraiser this year was cannisters and corn, (and it was not very successful).

The Junior-Senior Prom, which was held at the Sheraton Mansfield was memorable for everyone. We were were pleased to be represented in the court by LeAnn Ryan and Karen Peters.

Senior year started out excellent; it seemed that everyone was full of class spirit. Under the guidance of Mr. Webb and Mrs. Dire we built our second winning float. Our winning slogan was "N.A. Rockets will not be found when K.P. blasts them off the ground." It was built at Dean Hughes' house.

After our victory, our class, headed by Cathy Peterson—President, Tina Crowley—Vice-President, Heather Romsey—Secretary, and Angela Dire—Treasurer, had more unity as we were fast approaching the end of our voyage.

Our Homecoming Queen was Elaine Robinson and accompanying her as the court were Jenny Rausch and Cathy Peterson. They all looked so beautiful.

We had a candy sale which was really a success, and it boosted our treasury a great deal. We found it easy to raise money this year by having a Valentine's Day Dance and other small fundraisers.

Thanksgiving Day was not a happy day for the K.P. Football Team and fans, since they were defeated by Franklin. The highlight of the day was our Thanksgiving Day Queen, Elaine Robinson.

Senior Supper was a success and Chinese food was served. The prom was held at the Sheraton-Tara in Framingham.

Two foreign exchange students joined our Class. Pietro Sulis from Italy and Kai Andrajewski from Germany. Both of them have actively participated in athletics and in other school functions.

As we leave King Philip with our diplomas we will take with us many memories. Always reflect upon these memories and remember "the winning class of '85".

April 19, 2005

Dear Mrs. T,

Well, here it is. . . twenty years since the "CLASS OF 1985" graduated. The committee decided that it was time to have our reunion somewhere else other than the King Philip Ballroom, so it was held here in Florida last week.

A section of the Ft. Lauderdale Beach was rented out for the occasion; and **Mike Zarba**, who is now President of Miller Brewing Company was kind enough to provide the refreshments.

Some of the accomplishments of our class are pretty incredible. In fact, if I hadn't been there to hear it with my own ears I probably wouldn't have believed what was said. For example, would you believe that **Richie Anderson** is skiing professionally for Cypress Gardens? Or that **Dave Fortier** is now owner of IBM?

A few others have gone into quite abstract careers: **Kathy Hazlett** has opened up Boston's first "Fat Farm" (for those of us that have eaten too much cake and ice cream), **Steve Matthews** has been selling candy to little girls, **Lauren DeRulsseau** is a nuclear physicist who is redesigning the atomic bomb, **Marina Ferand** is a female mud wrestler, and **Rene Neveux** cleans animal cages at the Capron Park Zoo.

After mingling around with the crowd for a while I found out that **Bill Cooke** has designed a 56 story clothing store which is now owned by **Dianne Smith** and **Tina Crowley**. **Shari Bowes** and **Dave Kirwan** have merged a company of their own- both are CPA's at Kirwan and Bowes Inc. **Mary Roberts** and **Mary Marland** are living in a basement in Milwaukee, **Mike Zollo** is starting forward for the New York Cosmos and **Sue Pflschner** is living in a bubble underwater.

Unfortunately, a few of our classmates were unable to come to the reunion. **Jim Yau** is on a secret assignment for the government somewhere in Cuba, and **Jack Aronofsky** was busy four-wheeling with Australian kangaroos. I was unable to get in touch with **Melissa Tamburrini**, she's been traveling around the world and can't seem to find her way back to Logan Airport. **Kitty Klemperer** was found dead in a parked car in the Harvard Yard three years ago, presidential candidate **Steve Walsh** is still being held hostage by a women's lib organization, and **Cathy Peterson** was unable to postpone her photo session with **Dave Vaphlades** and the other Chippendales on the Riviera. Sounds like a rough life, doesn't it?

Some of us got the right idea and moved away from Massachussetts. . . (except for **Chuck Fruci**, he's still living in his parents basement). **Roberta Connolly**, **Missy Hayes**, **Glen Marriett** and **LeAnn Sluss** are all living here in Florida, and **Mona Johnson** is living in Sicily with a black Italian named Anthony.

Well, by now the party was starting to pick up and everyone was beginning to feel pretty good. **Mariann Carmody** and **Lori LaRochelle** had taken off in Lori's new Porsche to go meet some teenage beach bums, and would you believe that they met up with **Lee Drake**, **Dave Ross**, and **Keith Walsh**? It seems that they'd spent all of **Brian Brannelly's** money to buy plane tickets and flew here from Hawaii for the reunion. Brian was left back in Hawaii to pay for all of their careless spending sprees.

By this time, **Mike Sabatini** was starting to get a little out of hand. He was running around untying bikini strings while **Barry Miles** was lying back admiring the scenery. Yes, that's right, Mike hasn't changed much since high school.

A little while after that excitement, **Dan Kelley** walked in with **Dave "Snuff" Bishop**, **Paul "Cute as a Button" Ross** and the rest of his band members. It seems that he's now lead singer for the infamous band known as "Spit on a Cockroach". As a special surprise, they did a 45 minute set in which they sang their new top ten hit "I want to eat your toenails". When asked to comment on their performance, **Mary Jane King** stated "I think it's sick, they are the new generation of dregs in our society". I hear she's now organizing a national campaign to stamp out cruelty towards cockroaches.

And speaking of bands, **Steve** and **Jeff Flynn** of "The Reach" are presently on a nationwide tour. **Kyle Begln** is their manager, **Collette Cadieux** is their costume designer and **Kim Merrill** and **Wendy Paul** are the band's two favorite groupies. However, rumor has it that Jeff has been unhappy with the band lately. National Enquirer's lead journalist, **Mike Besaw**, has quoted him as "wanting to escape to somewhere in Russia where he will be able to write and distribute literature to believers of the way".

While the last few that I've mentioned have been making a living on their fame, others have just naturally become wealthy, healthy and happy without any effort. **Lisa Healey** enjoys sipping champagne with Prince Andrew only on Sundays. **Rob Thrul** is married to a blonde, owns a Lamborghini, a Ferrari and lives in a beachfront mansion. **Steve Vaphlades** lives off the coast of Jamaica in a 72 foot cabin cruiser and **Cici Muir** lives in her Porsche.

Then again, many of us went on to do what the rest of the class thought they were destined to do anyway. **Jim Caffin** and **Johnna Johnson** are married, they now have a six room ranch house, three kids, two dogs and a goldfish. **Ken Graham** is still pumping gas at Daley's in Norfolk center. **Frank Salkovitz** has a bushy beard, a pot belly and drives an eighteen wheeler while **Todd Ettenhoffer** plays golf. **Joe Woodworth** is re-bondoing his car again. **Jim Boschen** lives his entire life in a bike shop. **Jim Megna** is an average everyday plumber and **Paul Bowes** casually drives around in his convertible Mercedes spending his millions.

Do you remember our exchange student **Kai Andrejewski**? Well, he's now Prime Minister of Germany and is married to **Heldi Henson**. **Angela Dire** is enjoying living with Bruce Springsteen on the Jersey coast and **Joanne Shute** is supported by her very wealthy husband. **Kenny Ireland** and **Evelyn Howe** are both married, but on occasion they go out and hit the beaches together. **Kris Zimmerman** and her fiancée are presently living in Boston and they own the most prestigious preppy etiquette school in the South End. **Michele Sprague** has also resided in Massachusetts, where she lives with former B. C. quarterback Doug Flutie.

Meanwhile, as the rest of the class was catching up on the last 20 years, **Sue Theriault** was underneath a palm tree desperately trying to figure out how to get out of her box. Italian restaurant owner **Jeanne Marcarelli** suggested that she use the door, but Sue said that it was too easy.

Michelle Achin has joined a local group of Hare Krishna Cultists and **Mike Shea** is living on the side of a mountain explaining life's secrets to **Michele Bergeron**. **Richard Lizotte** is also living alone, he's in Northern Vermont studying the environment.

Larry Post, **John Redhan** and **Glenn Curtis** have all retired at an early age and are living in Jamaica. **John Kelley** is having a "spectacular" time in Hawaii and **Dave Axberg** owns his own mountain in Colorado.

Kara Mackenney is a psychologist in Lake Tahoe, she's dedicated her entire life to trying to decipher all the problems of the "CLASS OF 1985". For instance, what was **Chris Bettencourt's** motive for embezzling \$500,000 from his own bank? Or why is **Kelth Palos** still living in your artroom painting signs for \$1.75 an hour?

Nuclear physicist **Sharalee Field** has been living up in a satellite for the past five years. She said that she's waiting for another world war so she can observe it's faults and then improve on what went wrong. Another classmate who has entered the science field is **Lloyd Crandall**, he's been trying to invent the world's first crashproof car. **Paul Trolano** is assisting him by continually driving the car into a brick wall. **Wanda Skinner** is designing jewelry in Hollywood; and **Mark Dittich** is owner of the New York Yankees. He was coaching them for a short period of time, but he's recently been married and he couldn't support his wife's expensive tastes.

While we're on the subject of sports, **Chris Cassidy** is the Bruins Public Relations Director. She says that the best part of her job is interviewing them in the locker room after the games. **Joe Hemmingson** has been awarded the title of Mr. Olympia for the second consecutive time. He intends to use his prize money to open up a chain of fitness centers that will put Gold's Gym out of business.

Jill Stoddard is on her vacation and has been living with me for the past few weeks. I just had a police officer come to my door to collect money for her speeding tickets; it seems that she's having a hard time adjusting to the United States Highway Rules and Regulations again. You see she's been living in England for a while and won't accept the fact that she's been driving on the wrong side of the street. She said that she saw **Kathy Johnson** the other day. From what I understood, she was still cruising around in her black Jaguar with a Stone's tape cranked looking for a MacDonalds.

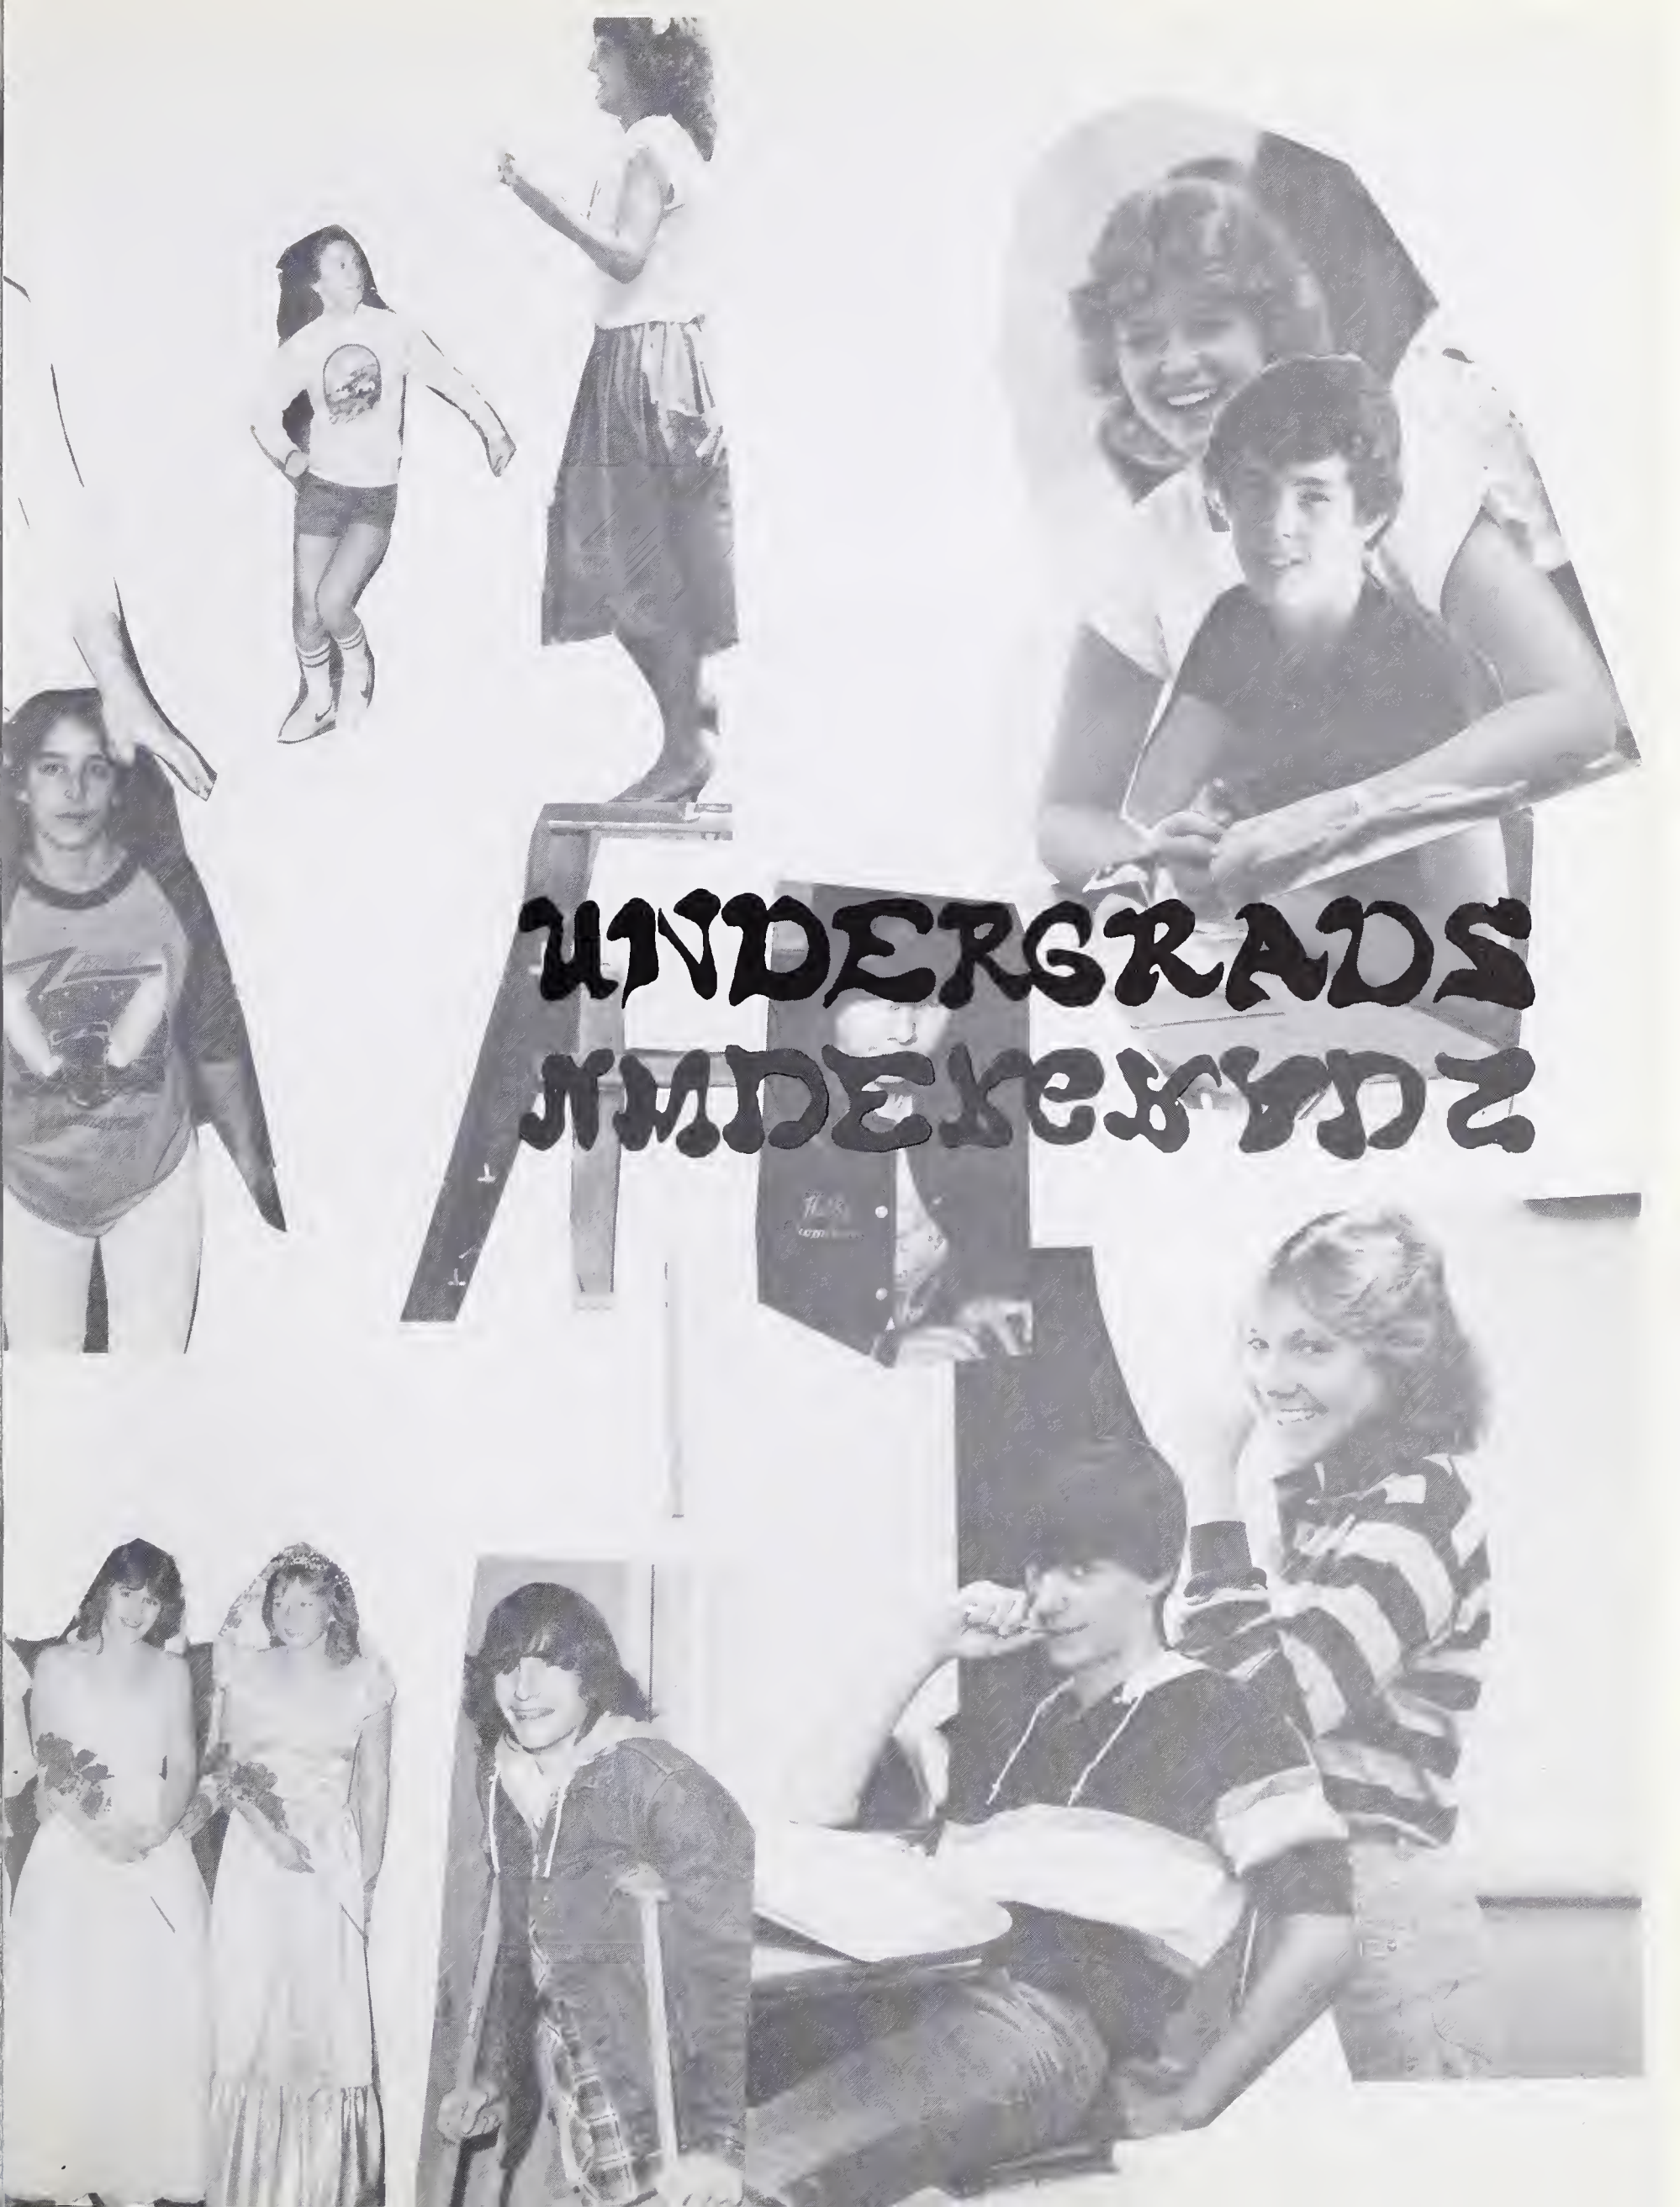

Back to the party . . . After discussing **Cindy Hurkett's** plans to soup up her new motorcycle, I happened to overhear a conversation between **Mike Bullock** and **Joe Delsignore**. It was something about crashing a plane in the Everglades, but I didn't get all the details.

Well, before I close this letter, here's a few more I almost forgot to mention. **LeAnn Ryan** and **Monice Odoardi** have joined the Marines to be with Richard Gere, and **Kathy Wall** is a successful fashion model in New York. **Tim Helnz** and **Joe Gianni** are living in Malibu surrounded by all the beautiful women they can handle; **Marc Cindric** is a well-respected businessman in London (he imports dog collars) and **Pat Lynch** is resting comfortably in Bellvue where his ten illegitimate children go to visit him on occasion.

And Me? Well, right now I've got a date to go have a couple strawberry daiquiris with Adam Ant on the Intercoastal. I'll let you know what happens in my next letter. But until then, try not to worry . . . we haven't been verbose or boisterous, and we've learned from our mistakes!

With love,

Party Hardy!

"When you got it, you got it!"

"Hey, babel!"

"Get away from me!"

"So, we're winning huh?"

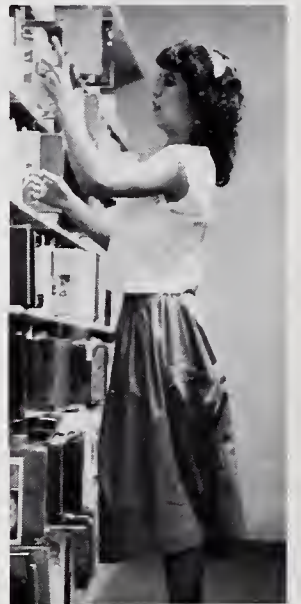

"Say what!?"

"How 'bout a Hawaiian punch?"

"I'm psyched!"

"Peek-a-boo, I see you!"

"You want my John Hancock where?"

We're self explanatory!

"This one's for you, Den!"

"Are you thinking what I'm thinking?"

"Heeeeere's Kelly!"

"What is this stuff?"

Relaxation takes action!

A touch of class.

"Please God, let me pass this test."

"I can handle it now, Mr. B."

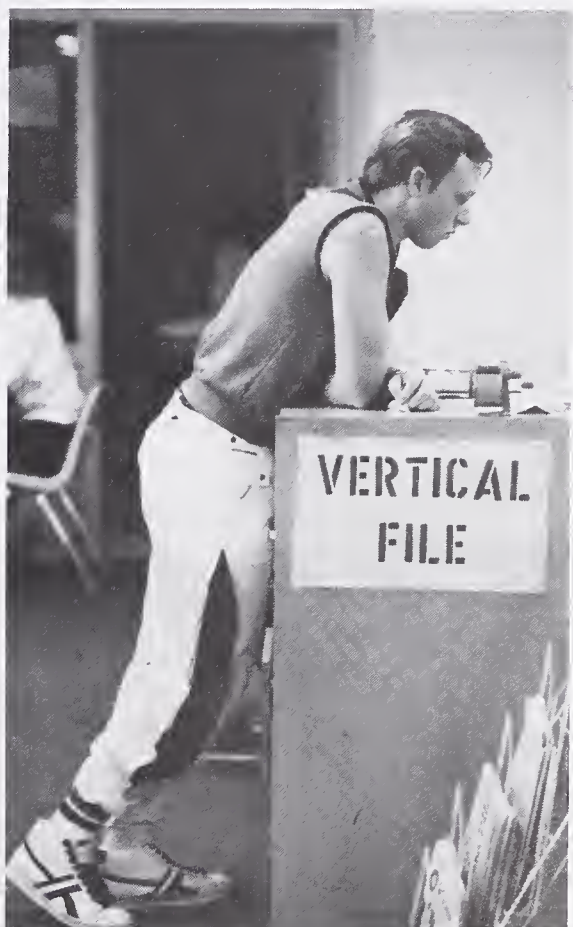

"There better not be film in that there camera."

"Ha ha! (I don't get it.)"

"We got the spirit!"

The Art Dept. of the King Philip Regional High School is one of the fastest growing departments at the high school. It has quadrupled in size in the last three years, and now services about two hundred and fifty students or one-fourth of the student body.

Foundations of Art Graphic Design, Ceramics and Advanced Placement Art are some of our more popular courses.

Our art students get some first hand layout and communication skill reinforcements as they help out with our yearbook, "The Chieftain", which is under the direction of the art teachers.

Automotive

Automotive

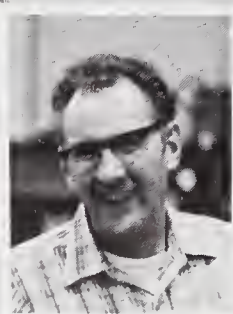

This course stresses the basic jobs, operations, and skills needed in the servicing and repair of automobiles and trucks. The student will gain a thorough knowledge of the materials and equipment used by auto mechanics. He will learn to use meters and measuring instruments, learn to read and interpret sketches, schematics and diagrams, and use shop manuals and other materials. Each student will have an opportunity to use hand tools of the automotive trade and to learn how to perform the operations of the trade, including the evaluation of the completed work.

Culinary Arts

Working hard may not be fun, but while it is important to work, the specialty in the kitchen is a lot of fun. It's a lot of fun to work in the kitchen.

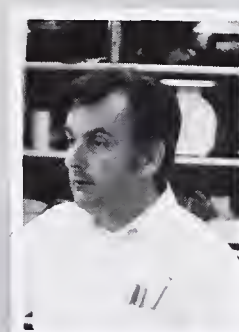

The culinary arts department at King Philip teaches the students the basics of cooking and baking. The students learn in a working environment and gives them enough experience to later pursue careers in bakeries, restaurants, and hotels.

Tech Drawing

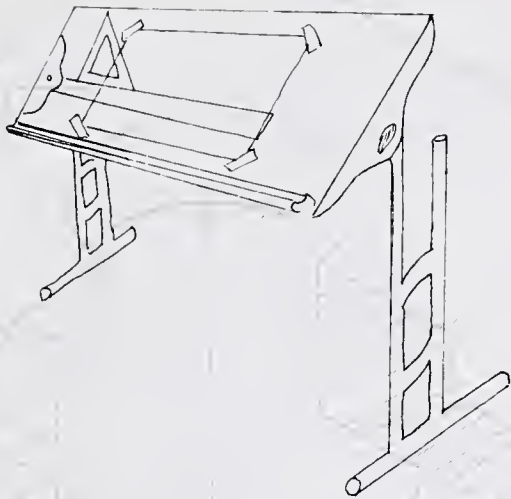

TECH DRAWING

In complex civilizations like ours, there are many opportunities in the technical field. Tech drawing is considered basic to all technical courses. It is the principal means of expressing ideas in a technical world.

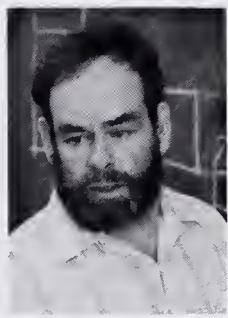

Drawing is the oldest type of expression. It is understood by everyone, and known as the universal graphic language. A word is an abstract symbol representing a thing of idea, but a picture visually represents the object. This need for pictures creates the need for technical drawing.

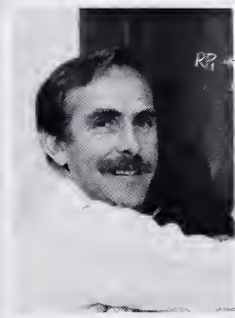

Drafting

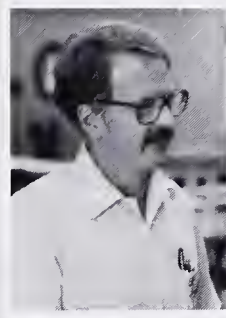

Drafting

Mr. Riley

Mr. Sumner

Mr. Woodhams

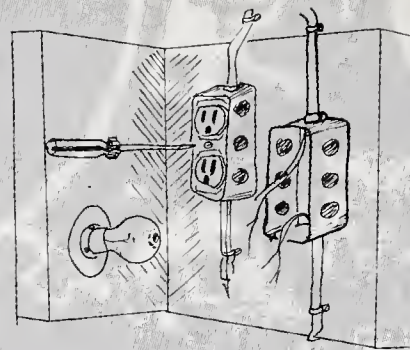

Drafting has been an integral part of industry for many years. It is the link between engineering design and manufacturing. Information is quickly communicated to manufacturing in the form of drawing prepared according to the drafting standards. Drafting is a modern profession that continually needs new workers.

Once the basics of drafting are understood, those with a continuing interest in drafting may select an area of specialization to gain additional experience.

The following career fields do not require a college degree but do require a vocational certificate in drafting: Drafting trainees, detail drafters, layout drafters, design drafters, technical illustrators, and computer drafters.

Electrical Electrical

Electrical is a course designed to instruct students in the knowledge of electrical theory, how electricity works, how it's generated, controlled, distributed, and put to use. Students learn the adaption of this theory in the electrical shop by wiring various types of switches, lighting fixtures, appliances, power tools, signs, transformers, motors, controllers, and high and low voltage. Dedicated students can pursue the following options in the electrical field: alarm systems, telephone systems, control systems, audio systems, electronics, cable T.V. and robotics.

The Foreign Language Department meets the needs of students by broadening their means of communication and enriching their cultural insights. Through an audio-lingual, audio-visual approach, students are led through a comprehensive sequence aimed toward communicative competence in French, Spanish or Latin. In addition to the classroom experience, the department periodically organizes student tours to Spain and France, sponsors Foreign Language Festivals, publishes student newspapers in French and Spanish and organizes field trips to foreign language attractions.

Music

The King Philip Regional Marching Band competes in the New England Scholastic Band Association every fall as well as at home football games. This year's band won two competitions, placed second in another, and seventh overall in the finals. Drum majors for the 1984 marching band were Kim Samuto, and Anna Peters. The colorguard captain was Stephanie Fearnley.

Performances within the community are numerous. The students would like to thank all those people who have supported music in the region by their aid and attendance throughout the past school year.

The Physical Education Department, under the dept. head of Mike Cosentino, underwent a very unique change this year, that being its becoming coed. This brought about a significant increase of socialization as well as a curriculum change for the instructors.

The instructors specialized in combination team and individual sports as well as adding a unit on CPR and alcoholism. King Philip was proudly selected from all of the schools in Massachusetts to be hosting a special guest speaker on alcoholism. Hopefully, in the future they will be able to expand the teaching staff to accommodate the extra large sections.

Physical Education is a requirement for freshmen and sophomores, but it remains an elective for the juniors and seniors.

Sheet Metal

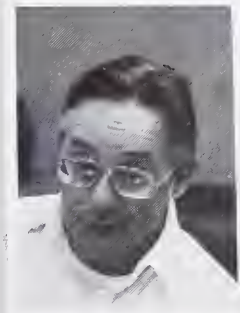

Sheet Metal work in the building trades is governed by the gauge of metal used. It is classified as ranging between 10 ga. and 36 ga. U.S. Std. Building trades sheet metal work deals with the design, fabrication, and installation of air-handling systems. Here ductwork is constructed and installed for heating, cooling, and ventilating both residential and industrial buildings. Along with this, construction and installation of items such as gutters, flashings, copings, decking, cornices, tanks, hoppers, louvers, ventilators, canopies, conductors, skylights, and cyclones are an intergal part of the sheet metal worker's responsibility.

softball

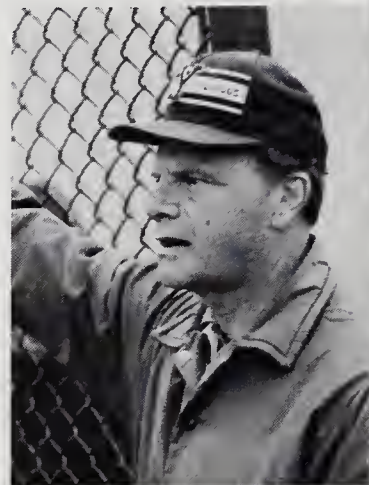

The softball team finished in the middle of the pack of the league. The team consisted of five seniors, five juniors, and three sophomores.

Tammy Padula was the captain and was also selected as a member of the Hockomock League Allstars.

The J.V. softball team finished high in the league standings with a 13-5 win loss record.

"Yah, yah, Coach, we know."

"I can't believe it, the double play worked."

Boys Tennis

Dave Fortier returns a serve.

K.P.'s Boys Varsity Tennis Team enjoyed its fourth straight winning season this year. They made the "states" and got to the quarter-finals before losing to Barnstable at the Cape. It was the second time we made the states in four years. Our team's overall record was 14-6. Our league record, 10-6.

Senior Co-Capt. Chris Hayden was named to the all-star team for the second year in a row. Our #1 doubles team of Dave Fortier and Brian Blinco were named to the Central Mass. all-star #1 doubles team. They had a great year. They also got to the quarter-finals in the Mass. State doubles tournament.

Co.Capt. Paul Conlin had a winning season at #2 singles play and gave our team great balance and experience along with the surprising play of senior Doug Nason at #3 singles. Doug's season record, 18-2.

Rich Leveroni, John Schramm, Gary Fortier, Jim Yau and Larry Post made up the rest of the team, and all contributed greatly to make the 1984 Boys Varsity Tennis Team season such a great success. "It was truly one of the finest group of players that I have ever had the pleasure to coach here at K.P." (Jack Dwyer)

"Hey Brian, now is not the time for jumping-jacks!"

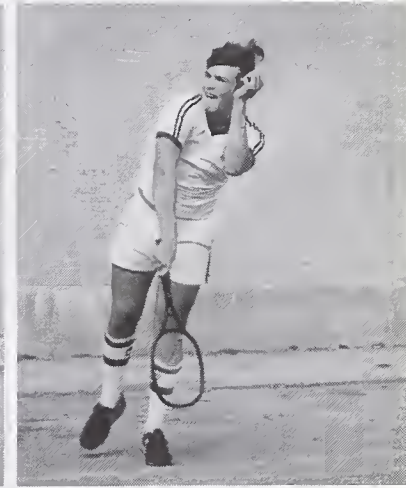

1st row: B. Blinco, D. Nason, C. Hayden, P. Conlin, L. Post., 2nd row: J. Dwyer, G. Fortier, T. VanLingen, D. Fortier, J. Yau, R. Leverone, K. McGlynn.

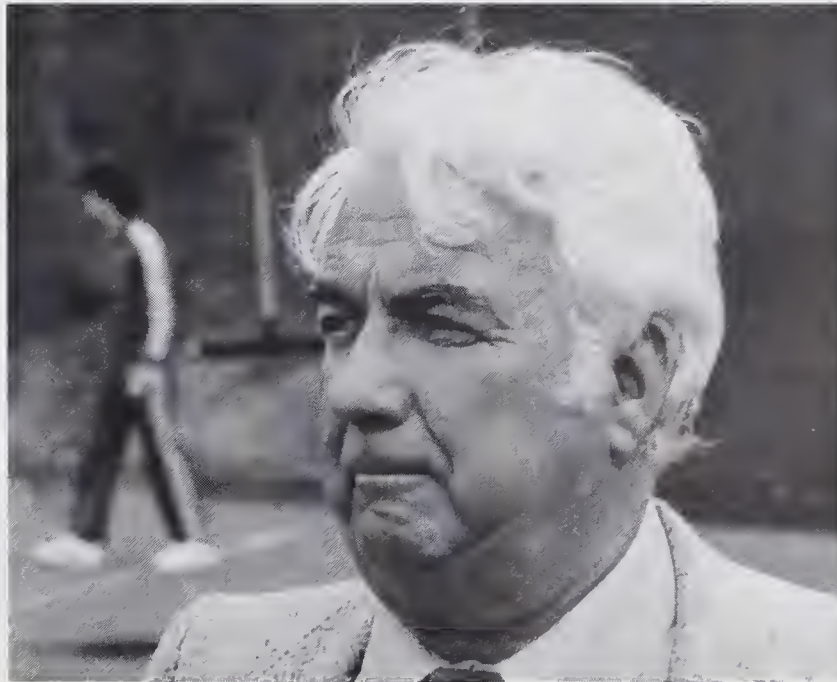

Tennis anyone?

Come on Chris . . . Can't you give me a little help?

Give me five!

Come on guys, watch the ball.

This is not ballet class, Gary!

Girls Tennis

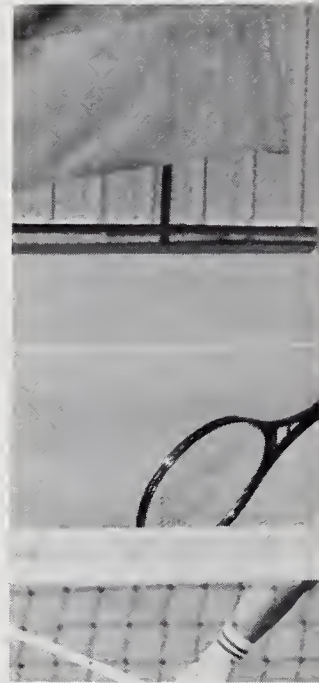

"Next time, aim for the racket, not my leg!"

"Another window bites the dust!"

The 1984 season was definitely a growing and rebuilding year for girls tennis. We lost one of our valuable players, Wendy Slade; but we were still able to put forth our best efforts. With a year of experience we hope to make this coming season the best yet!

"I thought this was Norman's job!"

"How's this pose?"

"OH, stop, now!"

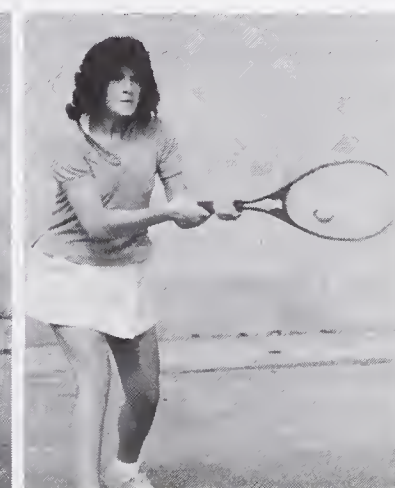

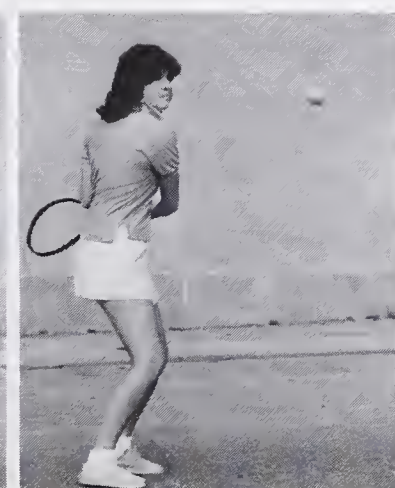

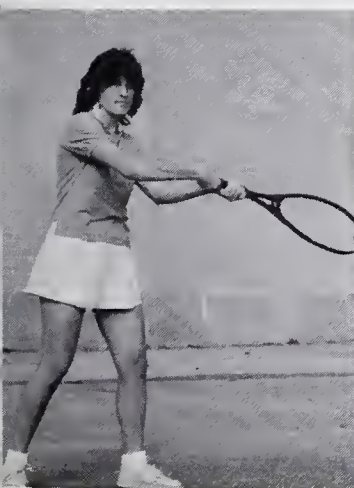

"That should do it."

"Did I hit it?"

1st row- L-R: L. Cyrulik, J. King, S. Graves, T. Cyrulik, S. Tierney. 2nd row- L-R: Coach Goldberg, G. Jones, A. Cosentino, J. Meyer, N. Goronley, A. DiRe.

Boys Spring Track

BOYS SPRING TRACK

"My God, did you see the teeth on that dog?"

"Watch that first step, Davel!"

The King Philip Track Team ended the season with a 10-1 record. The Warriors placed second in the league with its fifth second place finish in seven years. The team also placed third at the South Shore Meet and finished fifth in the South Eastern Mass. Finals.

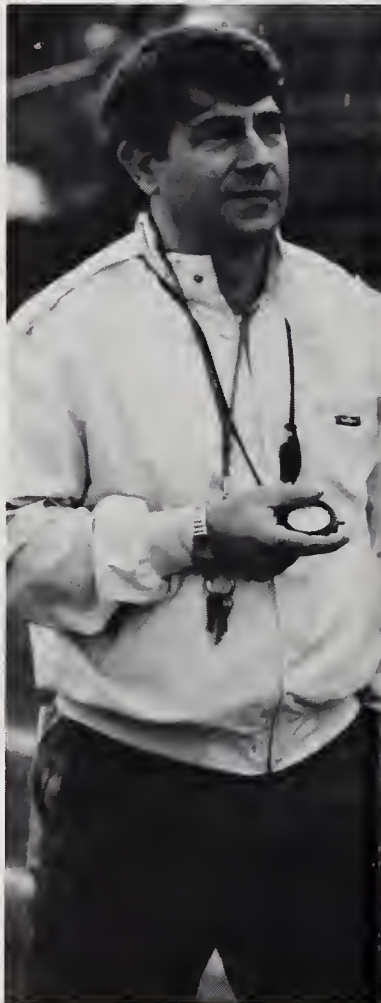

Outstanding performances by Steve Simmer in the Javelin, Joel Murray with the Shotput, and Richard Smith in the Triple Jump and High Hurdles, topped off a super senior group.

David Latham and the 100 yard dash and long jump, and Brian Bredvik in the two miler were the outstanding juniors.

Between David Latham and Rick Smith they set six new school and two new league records on their way to the New England Finals.

"Go, Brian, you can do it!"

"That's great time."

"It's true! You can hear the ocean!"

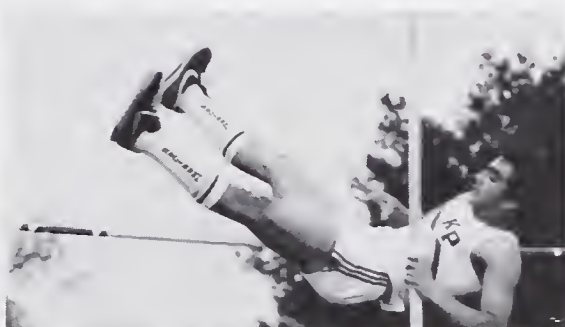

"Is she watching?"

"Now that's concentration!"

"Where's the ground?"

"Alright, Coach, now what do I do?"

"Come back here with my lunch money!"

Girls Spring Track

girls spring track

Kill two birds with one spear.

"Finally the finish line!"

"Seems like a long way for a Big Mac!"

"Don't worry, he'll be back."

The 1984 Girl's Spring Track Team was enthusiastic and hard-working with its greatest strength in distance running. The forty member team which won nineteen varsity letters was dominated by sophomores and freshmen. Tri-captains Kim Barry, Joan Edwards, and Denise Woodworth led the team to a 2-6 season which was stronger than our record would suggest. Sophomore Nancy Gouthro received the Most Valuable Player and High Points Scorer Awards, and senior Kim Barry was the Unsung Hero. The Tri-captains for 1985 are Susan Barry, Heidi Henson and Sheila Wisniewski.

"Hey, Kool-Aid!"

"Gee, Coach, I'm cold!"

"Bravo!!"

Boys Cross Country

BOYS CROSS COUNTRY

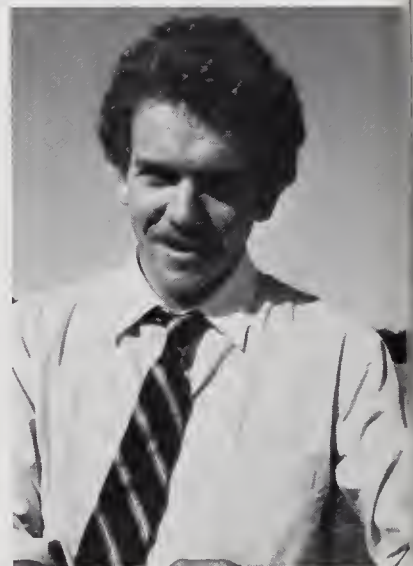

"Oh, no! Sweatt Hill!"

The Boys Cross Country Team got off to a slow start, (1-3), before turning their season around. (5-3) In cross country, even more important than winning a race in a meet, is having strong back-up teammates who can be counted on to take the remainder of the first seven places.

Strong backup runners for the team were seniors Captain Brian Bredvik, Co-Captain Rick Guillette, Co-Captain Joe Woodworth, Brian Collins, Brian Bodemer, Ed Davey, Jeff Martinous, and Kai Andrejewski, (an exchange student from West Germany); juniors Tom Leston and John Grant; sophomores Dan Dow, and Bill Packer; and freshmen runners Jason Pirone and Jason Movessian.

-Coach Mr. McEachern

"How do you spell McEachern?"

"Is it too late to join football?"

"Wait!"

"We paid twenty dollars for this?"

"Slow down. I want to win today!"

"Hang on coach! I'm coming."

Cross Country

Cross Country

"I shouldn't have eaten that bacon burger!"

"What a good sport."

"Smile, girls."

"My contact!"

The 1984 Cross-Country teams both had successful seasons. The girls team dropped only one match during the dual meet season, to North Attleboro, this year's Hockomock League Champions. The team was lead by sophomore Nicole Damato and Bernadette Dumas; both girls represented King Philip in every meet this season. Strong back-up runners for the (7-1) team were juniors Jennifer Hayes, Tina Stracuzzi and Nancy Gouthro, and sophomores Lisa Kuta, Andra Azotte, Allison Walsh and Jodie Bowers.

"I'll write our names at the top."

"That dog looks so ferocious!"

"I've got to win!"

Front row, L to R: Stacey Lynch, Bernadette Dumas, Nicole Damato, Jennifer Hayes, Tina Stracuzzi, Nancy Gouthro, and Leah Wilson. Back Row, L to R: Coach R. McEachern, Allison Walsh, Audra Azotte, Lisa Kuta, and Jodi Bowers.

Field Hockey

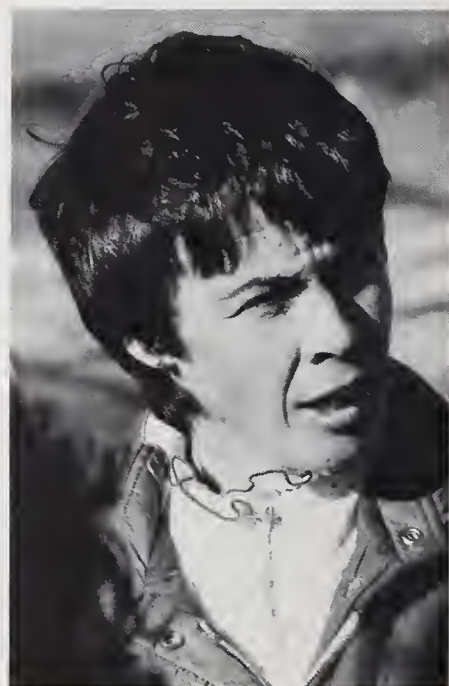

FIELD HOCKEY

"We're in trouble now."

"I got it!"

"... and get it right this time!"

The 1984 field hockey season was definitely a building year. The young team mainly strived to improve the playing skills for future years. With only three seniors graduating this year, and with the newly formed junior varsity team doing so well, we anticipate a very good season in 1985.

The varsity team was led by senior co-captains Cheryl McClintock, Robyn Andrews, and Coach Maureen Dunfey. The Most Valuable Player Award went to Cheryl McClintock, and Kristen Zimmerman received the Unsung Hero Award. "Leading" the junior varsity team were co-captains Grechen Jones, Linda Cyrulik, and Coach Nancy Tower. The junior varsity Most Valuable Player was Keilan Muir, and Mary Cataldo was the Unsung Hero.

Football

Football

Football, 1984 . . . The year the lights went up. The cheers of the large crowds in attendance inspired the warriors as they only lost once "under the lights." in '84. All-League Quarterback Dave Bishop completed 110 passes for a K.P. school record, 44 of them to John Vine. Captains Eric Cook, Steve Mathews, and Dave Bishop led a closely knit group of seniors and an enthusiastic Warrior Football Team during this memorable season. Warrior fans and players will remember the night the lights were dedicated with a 22-12 victory over Bellingham and the impressive 31-0 shutout over Dover-Sherbourn as the seniors played in their last night game.

—Coach Lombard

"I'll get you for this!"

"I feel good all under!"

Spotlight on talent.

Golf

"... and if it weren't for the ball in the pond, we would have had you."

"It looks like he blew it!"

The 1984 golf team compiled a record of three wins, nine losses and four ties. Most of the starting players were ninth graders with very little playing experience. The hopes for the future of King Philip golf seem bright with the excellent play of the upcoming freshmen. Next year's team will have two juniors, the only upper class players.

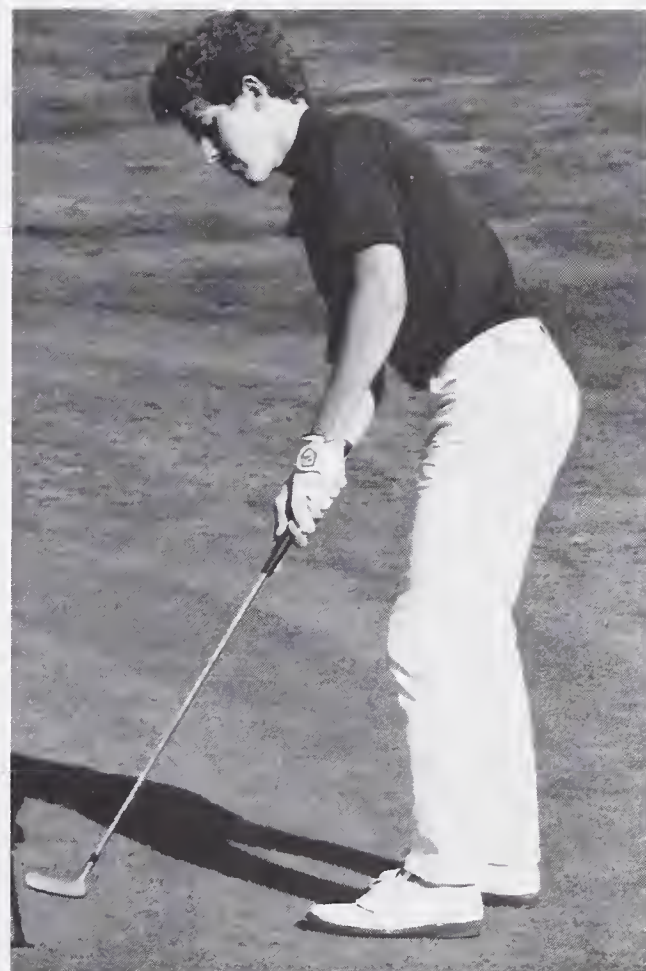

"What a day!"

Back Row L to R: M. Cosentino, J. Gallagher, T. Ettenhoffer, J. Lukens, M. Dynan.
Front Row, L to R: R Blake, E. Movsessian, J. Padula, and N. Kavanaugh.

"Two more feet and a birdie."

"I like those Bermuda shorts!"

"A hole in one!"

"I hope it doesn't land in that bird's nest!"

Boys Soccer

BOYS SOCCER

"How about giving me the ball!"

"... but Coach, I'm nervous."

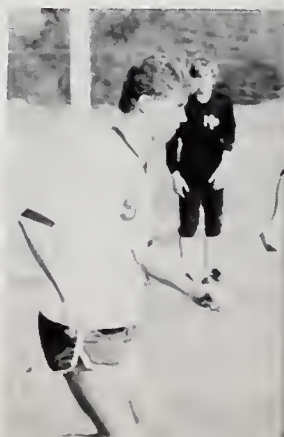

"Oh, my toe hurts!"

"Talk to each other!"

The Boys Soccer Team had an extremely successful 1984 season with a record of 12-5. In fact, at the completion of our regular season we then entered the State Tournament. We had a substantial victory over Hyde Park, which led to the unsuccessful confrontation of Duxbury. The team was led by the fine coaching of Coach Mike Stuber and Co-captains Mike Zollo and Mark Dittrich. Mark Tronti also had outstanding season on defense as stopper. "He was also elected to the Hockomock League All-Star Team."

"You animal!"

"If we don't win this one, the coach will kill us!"

"They love us!"

"I'll meet it in mid air."

"Oh, no!"

"Forget the ball. Let's race!"

"Is that their goalie or the whole family?"

The Girls Soccer Team does not measure their success by their record, but instead it measures it by their improvement and their anticipation of a great season in 1985. The team was lead by Coach Myette and co-captains Kim Christiansen and Jenny Rausch. A great effort was put forth by Heather Romsey as goalie and junior halfback Anita Carson. We are looking forward to leaving the Independent League and becoming part of the Hockomock League next year.

"They already blew the whistle, calm down."

"No, this is soccer, not ballet class."

Math League

The Math League is a group of students who compete on a regular basis with other schools in the area. There are five areas in which the students are tested: Algebra, Algebra II, Geometry, and Trigonometry.

Each school in a competition fields two teams of five students. Each student must compete in three out of the five areas.

1st row: Sharalee Field, Mary Marland, Loren Grzenda, and Cathy Conaty. 2nd row: Tim Tomkinson, Joe Cormier, Mark Dynan, and Jo Grant. 3rd row: David Bacheller, Adam Chandler, Donald Anderson, and Mr. Lepere.

The Band Council is a group of band members, including at least one person from each class, who organize activities and fundraising for the band. They are elected by the band in general, although only students who have been in band for at least one year can vote. The council also serves as a go-between for the band members and Mr. Tileston, the band director.

HELP

Our Higher Education Loan Program (HELP) can keep students right where they belong. In school.

If you're an undergraduate, you can borrow up to \$2500 per year at South Shore Bank. Graduate students, as much as \$5000 per year. And you don't have to start paying us back till you leave school or graduate.

To qualify for HELP you must be enrolled in an accredited school, carry at least a half-time study load, and meet the school's definition of financial need.

Even if you don't qualify for HELP, you may be eligible for up to \$3000 per year through our Parent Loans for Undergraduate Students (PLUS) program. PLUS is for parents with good credit who can start repaying your loan immediately. So call any one of our South Shore Bank offices. And get the HELP you need.

FRANKLIN LUMBER CO.

As we struggle to finish these last few pages of the yearbook, we realize that all of the work that was put into making this work of art was worth it. We tell ourselves that the lasting memories of King Philip Regional High School years are preserved vaguely in our minds and vividly in our treasured yearbook. The Chieftain is pulled together by a small group of our student body, who combined, spent thousands of hours of work. Many of these hours are spent in frustration fretting over a number of disasters such as trying to find pictures that we want, and writing captions. Occasionally, the pain was eased by a joke by Mrs. Tower or a hug of reassurance from Mrs. Cronin; these two people were the backbones of the yearbook and never gave up. Charlotte and I would like to thank Mrs. Cronin and Mrs. Tower for all their help and love throughout the year. From the whole yearbook staff, we would like to leave this year with the image of being the best Chieftain staff ever and hope that you, the student body, enjoy your yearbook.
